IEA Global Conference 2015

31 July - 2 August | Pre-day Event 30 July

Dr Matthew Fox

Keynote Speaker

Marion Gilbert

Sandra Maitri

Pre-Conference Day

Tom Condon

Uranio Paes

Endnote Speaker

Join in as we charge into our third decade together.

This year's conference is a place to explore new and exciting ways of considering and applying Enneagram knowledge. The theme, 'Transformation and Change' sets us on a course of solid changes for ourselves and for our clients. The presenter line-up has many of our favorite folks and many new voices, with new challenges and new perspectives.

The Pre-conference day features three presenters who will take us on a tour of the head, heart, and gut – and how being in one piece, with three centers honored and accounted for – can transform us individually and as an organization.

Experience some new – and slightly radical – differences in our receptions, with an emphasis on opportunities for community-building, networking, food and fun.
